These standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the Community Benefits Statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Community Benefits Statement. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Community Benefits Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to Epping RSL's preparation and fair presentation of the Community Benefits Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Epping RSL's internal control.
