Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether, in all material respects, the Community Benefit Statement has been prepared in accordance with applicable Accounting Standards in Australia and sections 3.6.9 (2)(a) and (b) 3.6.9(3) of the *Gambling Regulations Act 2003*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Community Benefit Statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Committee's preparation of the statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
